

Kir-Yianni Diaporos 2016

94 points

Of all the Xinomavro-based wines this issue, this would be my favorite. In its youth, it seems lusher, more expressive and less closed. The wide-open Syrah may have something to do with that, but this Block 5 is pretty special as well. This will have a more approachable feel than a lot of young Xinomavros (including Kir-Yianni's), but don't be confused—there's power underneath and plenty of aging ability.
