

VERINO

MASTIHA

Verino Distillery was founded in Argos in 1978 by Babis Spiliopoulos and is currently run by him and his son, Thanos Spiliopoulos. It produces high-quality tsipouro, varietal tsipouro, barrel-aged tsipouro, as well as an interesting range of liqueurs.

MASTIHA Mastic (or mastiha) is the resin of the native Mastic trees on Chios island. This is the only place in the world where pure mastic, the famous 'tears of Chios', flourishes.

Once worth its weight in gold, it was used throughout the Roman and Ottoman ages as a medicine, a chewing gum, a breath freshener or simply a delight. Known even nowadays for its curative properties, Mastiha is the essence and soul of this peculiar and extraordinary liqueur.

Mastiha flavor is apparent and unique either straight up or mixed. White, opaque color. Elegant and clean aromas shaping an overall softening and refreshing smell. Subtle lavender and coconut mouth-sense, with the unique mastic smell being prevalent, giving a soft and sweet feel.
