

DOULOUFAKIS

Amphora Vidiano

HISTORY -

The winery is located in the village of Dafnes near the city of Heraklion, Crete. The area has a rich wine history of winemaking and viticulture. From grandfather to father and then to grandson, the Douloufakis family has been involved in viticulture and wine production for three generations. More than half a century later, the same winery, now more contemporary than ever, continues to produce high quality products with the same passion. The family wine making tradition is continued by Nikos Douloufakis, who studied oenology in Piemonte, Italy, an area where the engagement with wine has evolved into a science. From the beginning, his main concern was the restructuring of the family vineyards and the modernization of the winery.

ECOSYSTEM -

The privately owned vineyards are located on hillsides with clay-loam textured soil, with a high percentage of limestone. Douloufakis owns 20 hectares in total. Nikos Douloufakis' decided he wanted to invest in local varieties such as Liatiko, Vidiano, and Malvasia di Candia Aromatica - giving prominence to the potential of wines from Cretan varieties.

VINIFICATION -

Grapes are harvested by hand. After destemming and crushing, the must and skins are transferred into 250-300lt pythi (amphora), where native yeast fermentation takes place as well as extraction for 3 months with no added sulfur. Wine is raked off the skins and placed back into pythifor 2 more months on its lees.

AGEING -

After time on its lees the wine is raked, then aged in stainless steel tanks for 5 months. No fining or filtering and bottled with minimal sulfur.

TASTING NOTES -

Citrus and herbaceous aromas. Its flavor reminds of orange jam and bergamot. Color varies from yellow to slightly orange. Full and tannic body. It has not been filtered, therefore has a noticeably turbidity and a possible thin layer of sediment.
